

POLICE DEPARTMENT – CASE FILE

FICTIONAL SAMPLE DOCUMENT — FOR PROJECT / SOFTWARE TESTING ONLY

Police Station: Peelamedu Police Station

District: Coimbatore, Tamil Nadu

Case No.: Crime No. 147/2026

Date of Registration: 28/08/2026

Time: 09:45 AM

Investigating Officer: Inspector R. Arun Kumar

Rank: Inspector of Police

Nature of Complaint: Theft and unauthorized access to a computer system

1. COMPLAINANT DETAILS

Name: S. Karthik

Age: 29 years

Occupation: Software Engineer

Address: Coimbatore, Tamil Nadu

Contact: 9XXXXXXX

2. INCIDENT DETAILS

On 27/08/2026 at approximately 8:30 PM, the complainant, S. Karthik, reported that his laptop and an external hard drive were missing from his rented accommodation. According to the complainant, he had left his residence at approximately 6:45 PM to purchase groceries. When he returned at around 8:30 PM, he noticed that the main door was partially open. On entering the residence, he found that his study table had been disturbed. His laptop and external hard drive, which had been kept on the table, were missing. The complainant further stated that the laptop contained work-related documents, personal photographs, and other digital files.

3. INITIAL OBSERVATIONS BY POLICE OFFICER

1. The main door did not appear to have significant physical damage.
2. The lock was found in an unusual position.
3. The study table had several items displaced.
4. The laptop charging cable was found on the floor.
5. The external hard-drive cable was also found near the table.
6. No other major household items appeared to be missing.
7. A CCTV camera was identified near the entrance of the building.
8. The complainant stated that only a limited number of people were aware of his daily schedule.

4. PROPERTY REPORTED MISSING

Sl. No.	Item	Description
1	Laptop	Lenovo laptop, black, approximately 15-inch
2	External Hard Drive	1 TB portable storage device
3	Laptop Bag	Black backpack containing accessories

5. PRELIMINARY ENQUIRY

During the preliminary enquiry, the complainant stated that he had not shared his house keys with anyone. The building security guard was questioned regarding persons entering and leaving the premises between 6:30 PM and 8:30 PM. The CCTV footage from the entrance was identified for further examination. A nearby resident stated that

an unknown male person was seen in the building corridor at approximately 7:40 PM. The person was wearing a dark-coloured shirt and carrying a backpack. The identity of the person could not be confirmed at the time of recording this statement.

6. DIGITAL INFORMATION

The complainant informed the investigating officer that the stolen laptop was connected to his personal online accounts. The complainant was advised to change the passwords of his important accounts and provide available device identification details to the investigating team. The serial number and other identifying details of the laptop were collected from the complainant's purchase records.

7. EVIDENCE / MATERIAL COLLECTED

- CCTV footage from the building entrance
- Photographs of the room and study table
- Copy of the laptop purchase invoice
- Laptop serial number
- Statement of the complainant
- Statement of the building security guard
- Statement of nearby resident
- Available digital account information relating to the missing device

8. PERSONS ENQUIRED

Person 1: Building Security Guard

Statement: Reported seeing residents and visitors entering the building during the relevant period.

Person 2: Nearby Resident

Statement: Reported seeing an unidentified male carrying a backpack at approximately 7:40 PM.

Person 3: Complainant's colleague

Statement: Confirmed that the complainant normally carried the laptop to work and kept the external hard drive at home.

9. INVESTIGATION NOTES

28/08/2026 – 10:30 AM: The investigating officer inspected the scene and documented the condition of the residence.

28/08/2026 – 12:15 PM: CCTV footage from the building entrance was requested from the building management.

28/08/2026 – 04:00 PM: Statements of the complainant and security guard were recorded.

29/08/2026 – 11:00 AM: CCTV footage was received and preserved for further examination.

29/08/2026 – 03:30 PM: The laptop serial number was circulated to the concerned units for identification if the device is recovered.

10. CURRENT STATUS

Investigation is in progress. The investigating officer is examining the available CCTV footage, statements and digital information to identify the person responsible and trace the missing property.
